

(South Karelia waste management authority)

**Application for:**

- Using a shared container for dry waste (sections 1–4 and 7–8)  
 Using a shared container for biowaste (sections 1–4 and 7–8)  
 Using a shared composter (sections 1–4 and 7–8)  
 A longer period for emptying the dry waste container (sections 1–3, 5 and 7–8)  
 Pause in waste management (sections 1–3 and 6–8)

1. PROPERTY OWNER OR USER (Note: The permission will be sent to this address.)	Name _____ Phone number _____
	Address _____ E-mail address _____
	Postal code _____ Town _____
2. THE PROPERTY IN QUESTION	Address _____
	Town/Municipality _____ Register code of the property _____
	Type of building <input type="checkbox"/> Single-family house <input type="checkbox"/> Terraced house <input type="checkbox"/> Holiday home <input type="checkbox"/> Company <input type="checkbox"/> Something else, what? _____
	The number of residents _____      The number of households _____ The property is used _____ months per year.
3. WASTE TREATMENT AND SORTING	a) Biowaste: <input type="checkbox"/> Is composted Where? <input type="checkbox"/> Warm composter <input type="checkbox"/> Uninsulated composter <input type="checkbox"/> Composter frame <input type="checkbox"/> Stack composter <input type="checkbox"/> Somewhere else, please specify _____ <input type="checkbox"/> Biowaste is collected from the property by the waste company
	b) Dry waste The amount of waste/month _____ litres    Container size _____ litres Container location (address and placement on the property): _____
	c) Sorting of waste (mark which fractions are sorted and where they are taken) <input type="checkbox"/> Paper: <input type="checkbox"/> Glass: <input type="checkbox"/> Metal: <input type="checkbox"/> Cardboard: <input type="checkbox"/> Hazardous waste: <input type="checkbox"/> Other:

4. SHARED CONTAINER OR COMPOSTER	Other properties using the shared container/composter:	
	Address and register code:	Owner/user:
5. LONGER INTERVAL FOR EMPTYING THE DRY WASTE CONTAINER	Suggested interval: <input type="checkbox"/> 12 weeks <input type="checkbox"/> 16 weeks	
6. PAUSE IN WASTE MANAGEMENT	The suggested period for the pause in waste management	
7. GROUNDS?		
8. DATE AND SIGNATURE	_____ / _____	

#### INSTRUCTIONS AND ADDITIONAL INFORMATION:

##### SHARED WASTE CONTAINERS

Properties may have a shared dry waste or biowaste container or composter (shared container). A person must be designated to be in charge of such shared containers, and the number and size of the containers must be proportionate to the number of users. Nearby properties may use the shared containers provided they inform Etelä-Karjalan Jätehuolto Oy about it. Otherwise the group of shared container users must apply for an exception to waste management regulations.

##### LONGER INTERVAL FOR EMPTYING DRY WASTE CONTAINERS

In accordance with waste management regulations, the property may extend the interval at which the dry waste containers are emptied by agreeing about it with Etelä-Karjalan Jätehuolto Oy. An emptying interval of more than eight weeks, but a maximum of 16 weeks, must be applied for from the waste management authority.

Grounds for longer interval:

- Exceptionally small amount of municipal waste.
- Recovery of recyclable materials (such as paper, glass, cardboard).
- Rinsing of odour-producing packaging material.
- Other recovery at the property.

**NOTE!** Waste incineration is allowed only to a limited extent, and waste burial is strictly prohibited.

##### INTERRUPTIONS

If the property is temporarily vacant for over 6 months, an interruption of waste transports may be applied for it. Waste transports can be interrupted for less than six months by notifying Etelä-Karjalan Jätehuolto Oy about it.

Send the form to Etelä-Karjalan jätehuoltoviranomainen, Virastokatu 2, 55100 Imatra or email the signed and scanned document to kirjaamo@imatra.fi.
